Make a difference to children and enjoy a day of golf!

Last year, more than 3,000 children in Arkansas suffered neglect, abuse or sexual abuse so severe that they were placed in foster care. More than 200,000 youth in our state survive tragedies such as the death of a parent or having a parent in prison, violence, living with someone with a substance abuse problem or someone who was mentally ill or suicidal.

You can help children in your community by doing something you love: playing golf! Your support of the Centers Classic Golf Tournament, now in its 29th year, will provide needed support for programs at the Centers for Youth and Families that change the lives of close to 2,500 children, youth and adults in Arkansas each year.

You are invited to sponsor the 29th Annual Centers Classic Golf Tournament on Monday, October 14. Join us for this Columbus Day tradition!
