

CHAMPIONS OF HOPE

APPLICATION

Champions of Hope are high school juniors or seniors who participate in a program designed to teach them about challenges facing Central Arkansas children, youth, and families. Through education and volunteerism, these young men learn about The Centers for Youth and Families and the important role it plays in Arkansas. Champions will have multiple opportunities to participate in group or individual service projects, social gatherings, and team building exercises. Champions who complete the requirements will earn a certificate of recognition and be recognized at Centers' signature fundraising event in 2019.

Commitments:

1. Champions have a commitment of \$1500.00 to be gifted or raised to benefit the Centers for Youth and Families Foundation (100% of the dollars raised are donated to the Program of Greatest Need).
2. Each young man is required to complete a minimum of 20 volunteer hours at Centers, through participation in a combination of scheduled volunteer activities.
3. Champions serve as representatives of their families, schools, peers, and Centers for Youth and Families, and as models for good behavior, ethics, and morals standards.
